Math 416: Final Exam Handout

Daesung Kim

Date/Time/Location: Wednesday, December 18, 2019, 1:30–3:30 pm, at 347 Altgeld Hall.

Office hours: Usual office hours up to 12/16, or by appointment.

Test format: There will be 10 questions. One of them will be a collection of true/false questions. The final is cumulative. The test will have a mix of computational, conceptual, and proof-based questions. I will not ask you to repeat proofs of theorems covered in class. You can bring one page of cheat sheet.

Material covered:

1. Lecture up to and including Wednesday, December 11.

2. Lecture notes up to Week 16.

The most important material is that which appeared in lecture or on the homework.

Study resourses: Lecture notes, Homeworks, HW solutions, and practice exams are available on the course webpage https://daesungk.github.io/teaching.html.
